

The Code Breaker Takeaway

Have you got what it takes to win the ultimate Treasure Hunt Challenge?

Background

The Code Breaker Takeaway is a unique activity brought to you by Treasure Hunts to Go. It is a fully interactive activity which uses the latest text messaging technology to manage everything for you - no more scoring of answers or arguing over who has won; the state-of-the-art mobile technology takes care of this so that you can concentrate on the most important thing - winning!

Aim

The aim of the Code Breaker Takeaway is simple - you and your team mates have up to three hours to crack approximately thirty clues in a bid to be the quickest team to reveal the six digit Master Code. These clues are based around a variety of key landmarks and other features in central locations.

Text to Victory!

The state-of-the-art text messaging technology allows your event to be self-run, offering you maximum flexibility and putting you in control. The text messaging feature allows you to:

- Enter the game.
- Create an amusing Team Name.
- Request up to two lifelines for those clues that you just cannot crack!
- Verify your six digit Master Code.
- Confirm your official finishing time so that you can see which team has won.

This text messaging feature is free to use for UK phones in the UK! Roaming charges will apply from your network operator for UK phones abroad. Contact your network operator for further information.

Say Cheese!

The Code Breaker Takeaway includes a set of optional photo challenges from which you can earn Bonus Time! The more creative the better!

Europe

The Winner

The team which completes the Code Breaker Takeaway correctly in the quickest overall time will be deemed the winner!

Prior to your Event

Your Code Breaker Takeaway will be posted to you approximately two weeks prior to your event. Your box will contain a 'Team Pack' for each team consisting of instructions, maps, question sheets, photo challenges, a scratchcard answer sheet and a six digit 'User Code' which is unique to your group.

The Day of your Event

On the day of your event, your group will need to divide themselves into teams of up to five participants, with each team receiving a 'Team Pack'. Each team will nominate a captain who will need to text the 'User Code' to the Treasure Hunt Control Centre.

This will set off a chain of automated text messages which will 'manage' your event from start to finish.

How does it work?

There are six coloured zones to complete, with each zone containing up to five clues (pictured right).

These clues are based around key landmarks and other features in central locations and are set in no particular order, making route planning essential!

Each of the six coloured zones reveals one digit of the six digit Master Code. Scratch these off from the scratchcard Answer Sheet to reveal your final answer!

Text this final answer to the Treasure Hunt Control Centre and await your result.....!
If correct you will receive a message of congratulations and your confirmed finishing time. Get it wrong and you'll have only one more chance!

Things to remember

- Each team will need a fully charged mobile phone to use for the text messaging feature, which is free-to-use for UK mobile phones in the UK. Mobile charges may apply for overseas phones.
- The Treasure Hunt takes place on foot so walking is involved. Suitable footwear and clothing is advised.
- At the time of booking, we will require the following details:
 - o Group Leader's name and address (the person to whom we should send the Team Packs prior to the event).
 - o Mobile Number – this might be used to relay useful information to the Group Leader prior to the event.

The Small Print

- Each booking will receive a six digit 'User Code' which will be unique to the location and that group.
- This six digit 'User Code' must be sent by text at the start of the event by one member of each team, which signifies the start of the event. The code will only be valid for the number of 'Team Packs' which have been purchased e.g. if a group has purchased a Three Team Pack then this code can only be used by three teams. If a fourth team texts this six digit 'User Code' then they will receive a message explaining that their entry is not valid.
- The group leader will receive the Takeaway approximately two weeks prior to their event. Their unique code will expire four weeks after the event date so you have some flexibility as to when you actually run your event.
- A full refund less £50 will be offered to any cancellations greater than 4 weeks in advance.
- No refunds will be available less than 4 weeks prior to the event.
- Full payment must be received prior to the posting of any packs.
- All of our Treasure Hunts are protected by copyright.

Frequently Asked Questions

Where does the Takeaway start and finish?

The Takeaway is designed to be flexible so that you can start and finish the treasure hunt at a location to suit yourself. We would recommend a pub, bar or restaurant which is within the area covered by the treasure hunt.

What time does the Takeaway start?

Due to the flexibility of the Takeaway, you can start your Treasure Hunt at a time to suit yourself! You'll find it easier to complete in the daylight but feel free to do it at night although you might need a torch!

Does each team have the same clues?

Each team has exactly the same clues. Our treasure hunts consist of six different coloured zones, each of which covers a different part of the location that you have booked. These can be completed in any order; this is not a trail whereby each team must follow a set route, but rather each team is required to work out the best way of completing the hunt.

No two teams ever plan their route in exactly the same way, thus ensuring that teams do not all complete the treasure hunt in the same order!

Is there any set-up required?

All of the clues are set-up for you so there is nothing for you to do on the day other than to read the instructions, send your text and get going!

Can the organiser be involved?

Absolutely! The Takeaway is designed so that the scoring is done via the text messaging feature, and not via the organiser, meaning that everyone can take part! As with a board game, the organiser may need to read the rules to everyone and ensure that all participants are clear on what is happening but after that, they are free to take part.

Are prizes provided?

We do not provide prizes as part of the standard Takeaway package. Why not buy your own prizes for the winning team, and even some wooden spoons for the losers!

Europe

How long does the Takeaway take to complete?

We recommend that you allow two - three hours for the actual Treasure Hunt, with timings dependant on how competitive and fit you are, and how well you plan your route! These timings are given on the basis that all individuals within each team stick together throughout the hunt.

If the individuals within each team split up then you will complete the hunt in less than two hours so please ensure that all teams agree on the rules beforehand (this is explained in the 'Rules & Procedures' Handbook that goes out with your pack).

Conversely, you will probably spend more than three hours completing the hunt if you intend to have some refreshment stops along the way!

What will the text messaging feature cost me?

The text messaging is free to use for UK phones in the UK! Roaming charges will apply from your network operator for non-UK phones in the UK or for UK phones abroad. Contact your network operator for further information.

How many Team Packs will I need?

We recommend that you have no more than five people in a team so as to ensure maximum enjoyment and involvement. You should therefore purchase 1 x Team Pack for each team that is going to take part.

When will I receive my Takeaway?

Your Takeaway will be posted to you approximately two weeks prior to your event provided payment has been received.

How do we book a Takeaway?

All our Takeaway Treasure Hunts can be ordered at our dedicated on-line store www.treasurehuntstogo.com. Alternatively, we can provide you with an Invoice if you would rather pay by BACS or cheque. If you have any queries or questions please drop us an e-mail at enquiries@treasurehuntstogo.com and one of our team will contact you and be able to help. For large groups of over 50, please contact us as we are often able to give discounted prices for larger teams.

Testimonials

Dean Preston

BT - Dublin Takeaway

I just wanted to say thanks for providing the takeaway pack. It was a great team building exercise and a fun day. We have some great pictures which I will forward on for your portfolio.

Jonathan Green

Halifax PLC - York Takeaway

Just wanted to thank you for the great day we had doing a York takeaway yesterday. It really was very enjoyable and a superb treasure hunt - my team won also, which helped! Congratulations on a brilliant setup.

Gabriela Szulman

Amnesty International UK - City of London Takeaway

We had an absolutely brilliant time yesterday and even the people who were initially reluctant to participate loved the hunt.

Sorrel Osbourne

Marie Stopes International - Covent Garden Takeaway

I wanted to drop you a quick line and say how great the team building day was – I thought the treasure hunt activities were really excellent, so much fun. Thanks again for this.

Sharley Rose

ACT (Comms) Ltd - Covent Garden Takeaway

Just to let you know that we thoroughly enjoyed our Takeaway. We had a couple of people so unimpressed that we were doing a treasure hunt in London, but by the time we had finished we could not stop them raving about how good it was!!! No complaints at all, from the moment we enquired the service has been great, we would definitely recommend to others and will be coming back for more in the future.

Ruth Perry – Cheltenham Takeaway

The Treasure Hunt was really good fun and everybody really enjoyed it. All the girls said that it was so well organised and a good time was had by all. Lots of people asked for your details so hopefully there will be more business coming your way!
